Since Ham Hyatt stole a base (last Saturday) there is hope for anybody not connected with the Ho! Ho! Zollerns. Ham stepped right out and stole a base without fuss or feathers, though it is the first one he has so annexed since the cackling of geese saved Rome. Praise w Ham the Hyatt! Because he stole that base we have renewed hope of becoming a millionaire. Ham is an entire tome of applied phil-

The Greatest Infield

DDDIE COLLINS plans to quit baseball this week and join the navy. L His old fielding mate, Jack Barry, is already in Uncle Sam's harness, ware other of the stars who once immortalized the Philadelphia Athletics. Baker, Barry, Collins and McInnis were a wonderful infield. There wer was a greater one, though Chicagoans probably will aver that minfeldt, Tinker, Evers and Chance, of the old Cubs, surpassed, or at instequalled, the Mackian quartet. But the most of us will favor Baker,

Bury, Collins and McInnis, and there has never been a greater infielder He could do and does do everything well. In addition, he and made a good showing. He nly consistent under any and all conditions. Aside from the

whout a flaw and uses beautiful judgment in playing for batters, as he at ascome to know them over years of experience. He handles throws from he catcher to nab stealing runners with poise and boldness, and he can of down a throw and toss to the plate on an attempted double steal as rell as any one we ever saw. In addition, he hits judiciously, varies his style of attack, runs the bases and slides will. There are no players year in and year out of more team value than Eddie Collins.

A Postponed Fight

THE storm signals are out and the stage is set in the American League for a battle royal, but it doesn't look as though much of anything is going to happen. H. H. Frazee says he never has said that he actually igned the protest against Johnson which was published over the names Comiskey, Graffith and Frazee. Comiskey and Griffith already have kiled their connection with the published criticism, leaving the finger of supicion pointed toward Frazee.

"But this is no time to air an affair of this kind," says Frazee

It probably is not. Baseball will be through in a few weeks and sough unpleasantness already has happened and is happening. Johnson be every reason to take action, but has remained silent, possibly awaiting to possession of more evidence. Some time in the future there will be a tow-down between Johnson and Frazee which will relieve one or the other this baseball connection. On many points Johnson may be scored, but it remains as a fact that the repudiated criticism of him from Cleveland was one of the most fatuous things that have been published in baseball

Italian Joe Gans, who says he is a prizefighter, was pinched at Coney Island and on September 11 will be tried in Brooklyn for idling. That may be a test case that will decide whether a boxer is an idler. If we recall "Italian Joe" correctly, he assimilates enough punishment in six founds to keep the average person busy for six months. But he probably will be given no credit for that.

Winner in Auto Race

To Get \$15,000 Prize Louis Chevrolet, speedway champion

of 1017, who will wear the colors of France in the International Sweep-stakes at Sheepshead Bay Speedway next Saturday afternoon, last night won his point, when it was announced that \$15,000 of the \$25,000 purse would go to the winner. that \$15,000 of the \$25,000 purse would go to the winner.

For more than a week Chevrolet fought against any other distribution of the money. At the last minute he also opposed the plan of running the race in five heats at two, ten, twenty, thirty and fifty miles. It developed last night that in agreeing to the shrort heats, Chevrolet obtained the consent of the other drivers to make the winner's share \$15,000. As each of the drivers has put up \$2,000 of his own money, they had the right to decide.

The other prizes will be: Second, \$5,000; third, \$3,000; fourth \$1,500. The other prizes will be: Second, \$5,000; third, \$3,000; fourth, \$1,500 and fifth, \$500. This means that the fourth \$5.000; third, \$3,000; fourth, \$1,500 and fifth, \$500. This means that the fourth man will lose \$500 of his own money, while the lifth man will be out \$1,500. However, there was little argument over the division of the rich purse, as each driver is confident he will capture the grand prize.
